SUMMARY

3D Visual Designer with 10+ years of experience creating high-quality 3D assets for games, product visualization, and architectural rendering. Skilled in modeling, texturing, lighting, rendering, and scene optimization. Strong background in realistic rendering, procedural workflows, and cross-team collaboration.

Core Skills: 3DS Max, Maya, Blender, Substance Painter, Unreal Engine, Unity, V-Ray, Photoshop, Real-Time Rendering, Asset Optimization, Environment Design, Hard-Surface Modeling, PBR Materials, Lighting & Composition, Style guide creation, documentation.

EXPERIENCE

- **Pixxel18Studios**, Los Angeles – **3D Visual Designer** (July 2025 – Present)
 - Create realistic, high-quality 3D surface models, textures, and environments.
 - Deliver photo-realistic renderings and animations for Commercial and Industrial visualization.
 - Collaborate with art directors and clients to maintain consistency and meet project deadlines.
 - Software: 3DS Max, Maya, Substance Painter, Photoshop, V-Ray.
- **Apple Inc.**, Cupertino – **3D Generalist | Production Manager IV** (July 2024 – June 2025)
 - Automated scene-building and camera setup using Python, reducing production time by 60% and improving artist workflow efficiency.
 - Managed QA over 1000 3D projects to ensure visual consistency and performance.
 - Created over 300 realistic scenes with various themes.
 - Software: Maya, Blender, Photoshop, V-Ray, Python, MEL.

- **Apple Inc., Cupertino – 3D Generalist | R&D Outsourcing Artist** (Jan 2022 – Jan 2024)

- Created realistic scenes and optimized assets for internal projects and vendor teams.
- Developed style guides and demo scenes to maintain visual quality across all vendors.
- Reviewed outsourced artwork and provided detailed feedback to external teams. •

Software: Maya, Substance Painter, Photoshop, V-Ray, Python, MEL.

- **Leavitt Architecture, San Francisco – 3D Visualizer** (Nov 2018 – Dec 2021)

- Built detailed 3D architectural models, furniture, and environmental assets. • Produced high-end visualizations using design principles, real-world lighting, and composition. •

Software: 3DS Max, Maya, Substance Painter, Photoshop, V-Ray.

EDUCATION

- Gnomon School of Visual Effects – Animation for VFX | HD Digital Filmmaking | Procedural

Content Creation (Houdini) | 2024

- ELTVR – Certificate in Technical Artist for Games | 2024

- Gnomon School of Visual Effects – Certificate in Advanced Texture and Material Creation | 2021

- Gnomon School of Visual Effects – Certificate in Environment creation for games | 2021

- UCLA Extension – **Associate Degree in Computer Graphics** | 2021

- Vancouver Institute of Media Arts – **Associate Degree in Game Art & Design** | 2019

- Maya Academy of Advanced Cinematics – **Bachelor of Arts in 3D Design** | 2014

AWARDS

- **GOLD** – 100 HOURS Time-based Animation Competition, MAAC (2015)

- **GOLD** – 11th Annual International 3D Short Film Awards, MAAC (2014)

- **Adobe Certification** – Visual Communication with Photoshop (2012)
